

SNAKE BAGS

The **Snake Bag** is an all purpose, long lasting gravel bag. Made from monofilament HDPE yarn, this bag is stronger and more durable than your standard gravel bag. With a length of 48", the Snake Bag can be wrapped around storm drains to provide inlet protection. With a 50 pound fill of 1/2" pea gravel, this bag is perfect for weighing down heavier items.

PRIMARY USES

- Inlet Protection
- Check Dams
- Weighted applications for temporary signage, drain filters, tarps, plastic sheeting, etc.
- Slope Interruption
- Jobsite Perimeter Control
- Stockpile Perimeter Control
- Stream and Channel Protection

BENEFITS

- Sewn shut to prevent spill out
- Long and flexible enough to wrap around storm drains
- Bag is made from heavy duty monofilament yarn
