

ELIMA DRIP POUCH

The Elima Drip Pouch is a small, portable containment system designed to capture oil from quick disconnect fittings or other hose attachment ends. Using the Elima Drip Pouch not only helps maintain a clean environment, but keeps workers safe from toxins and potential injuries. The Elima Drop Pouch is made from heavy duty vinyl materials that are designed to withstand harsh environments and day to day handling.

BENEFITS

- Velcro enclosure system keeps the Elima Drip Pouch securely in place around the fitting
- Compact
- Outer shell is tear resistant
- Outer shell acts as a second containment layer
